PETRENELLA R. GARCIA

Full Stack Developer

https://petrenellagarcia.github.io/PGarcia_Portfolio/

Career Objectives

A collaborative developer dedicated to professional growth and leadership opportunities. Passionate about software development, continuous learning, and delivering high-quality, innovative solutions that drive industry progress. Committed to leveraging expertise to contribute effectively to a dynamic and talented team.

Skills

- Proficient in programming languages such as PHP and JavaScript, as well as front-end technologies like HTML and CSS, and platforms like ThingsBoard. Familiar with Node.js, Python, with a strong foundation in backend and frontend development.
- Skilled in database management with MySQL and MongoDB.
- Adept at working in agile environments, fostering effective teamwork and collaboration.
- Proficient in Microsoft Office tools, including Word, PowerPoint, Publisher, and Excel.
- Specializes in designing and developing user-friendly, responsive websites.
- Quick learner with a strong ability to adapt to new technologies and efficient coding practices.
- Capable of developing and maintaining comprehensive technical documentation, guidelines, and procedures.

Experience

FRONTEND DEVELOPER (JUNE 2025 – PRESENT)

iBayad Online Ventures

- Developed and maintained responsive user interfaces using HTML, CSS, JavaScript, PHP, and React.js, leveraging frameworks like Bootstrap and CodeIgniter to streamline development.
- Built responsive UIs using HTML, CSS, JavaScript, PHP, and React.js with Bootstrap and CodeIgniter.
- Worked with backend teams to ensure smooth data flow and performance.
- Improved UI/UX through testing, feedback, and code reviews.
- Used GitHub for version control and team collaboration.

FREELANCE DEVELOPER (2020 – PRESENT)

- Organize, record, and manage essential data accurately while ensuring consistency and reliability.
- Verify data integrity by cross-checking entries against original documentation.

SOFTWARE DEVELOPER (OCTOBER 2022 – MAY 2025)

First Philec Inc.

- Develop responsive, user-friendly designs for cross-device compatibility.
- Optimize features using user feedback and analytics to improve UX.
- Build scalable, maintainable software with clean, standards-based code.

DATA RESEARCHER (JUNE – AUGUST 2022)

Multi Source Global Network Inc.

- Execute workflow setup, team coordination, and documentation validation tasks efficiently.
- Support data integrity and process improvements while delivering accurate, high-quality results in fast-paced environments.

ENCODER (MARCH – OCTOBER 2019)

LCA TITLING PROCESSING SERVICES

- Organize, record, and manage essential data accurately while ensuring consistency and reliability.
- Verify data integrity by cross-checking entries against original documentation.
